# The other part of Wonderland

👁 22 ✓ 0 ⭐ 1

## Chapter 1 by Karra

Many of you have heard about Alice's adventures in wonderland, but how many of you knew she had a twin who was born in wonderland? Or that her twin had "powers" and was more like one of the fair folk you'd see in a Celtic mythology book. Her twins name is Emmelia, or Emmy for short, and I'm her.

Most of the characters look similar to how they're described in the Tim Burton rendition of the story. But some of them have alternate...forms. The caterpillar can look almost like a human, but he has slightly pointed ears and big black moth wings that have bright blue eye like splotches. Cheshire can turn into a human like form too, with fur covered pointed ears, and his fluffy stripped tale, oh and don't forget his ear to ear smile.

And then there's me, with my long straight black hair and unnervingly bright green eyes, and let's not forget my black and green tiger striped swallow-tail wings.
